To whom it may concern:

Section 1: Detailed Description of Incident

I am filing a formal report regarding a coordinated misrepresentation of district policy and a prohibited financial conflict of interest within the Iron Horse Aquatics program.

Part 1: Deceptive Communication (Violation of Standard 1.1) On February 2, 2026, I received written confirmation from Coach Justin Bilgri and Coach Daiki Sato explicitly stating that "nobody has moved up" and that promotions were on hold until March. This was a factual misrepresentation of program operations, as a promotion was granted to another student during this exact period. This dishonest communication violates the professional standards required of Frisco ISD employees.

Part 2: Prohibited Financial Gain (Violation of Standard 1.4 & 1.5) I have received information that Coach Justin Bilgri is accepting private cash payments from the family of the promoted student for "weekend lessons." Because Coach Bilgri serves as the primary evaluator for student placement in this district-owned program, accepting private fees from a student he supervises is a direct violation of FISD Conflict of Interest policies. This "pay-to-play" arrangement has compromised the integrity of the promotion process and created an unfair advantage for a specific family.

Part 3: Undue Influence & Nepotism The student receiving this preferential treatment is the child of a **Frisco ISD Assistant Principal**. This creates a severe appearance of nepotism and a conflict of interest, where a district administrator's child is promoted under a "secret" time line while other parents are intentionally misled by staff.

Section 2: Evidence to Support Complaint

- **Email Records:** I have retained emails dated February 2, 2026, from both Coach Bilgri and Coach Sato denying that any move-ups had occurred.
- **Time line Discrepancy:** I can provide the general dates the promoted student began participating in the advanced group, which directly contradicts the written denials provided by the coaching staff.

- **Witnesses/Locations:** Information regarding the location and timing of the private "weekend lessons" can be provided to the Internal Audit department upon request to assist in the investigation of the financial conflict of interest.
-

Section 3: Requested Action

I am requesting that the **FISD Internal Audit Department** conduct a full investigation into the financial relationship between Coach Bilgri and the family of the promoted student. Furthermore, I request a review of the deceptive communication practices used by the coaching staff to ensure that all district families are treated with the equity and transparency required by Texas law and Frisco ISD Board Policy.

Hello,

Please supply the full name of the company you are making the report about. Without this information, Mitratesh will be unable to submit your report.

Also, you may have included your name and/or other identifying information in the report below that will be submitted to your company. Mitratesh does not edit emails. Your report will be sent to the company as written and you will not be anonymous.

If you wish to be anonymous, you must rewrite your report and reply within 2 hours. Otherwise, your report will be submitted as written and you have waived your anonymity. We will not share your email address with the company, only the content of the email and subject line.

Please advise.

Thank you,
Mitratesh Team

I am writing to request a status update on the report referenced above, submitted on February 26, 2026 and confirmed delivered to Frisco ISD the same day.

Specifically, I would appreciate written confirmation of the following:

1. Whether the report remains open, has been closed, or has been administratively resolved.
2. Whether the FISC Internal Audit Department conducted an investigation into the financial conflict of interest allegations described in the report.
3. Whether any written findings or disposition have been issued, and if so, how I may obtain a copy.

I have not received any communication from Frisco ISD regarding this report in the 80 days since submission. I am submitting this status inquiry through the channel Lighthouse Services provided in the original confirmation message.

Thank you for your assistance.

Stephen Ray Jordan 972.403.1231 srj@srjconsultingservices.com
